EXPERIENCE — CANADA

Senior Product Designer [ValidMind](#) 2024 - July 2026

Designed scalable workflows for an enterprise AI governance platform. Partnered with product managers, engineers, domain experts, and customer success to understand customer needs and shape product direction. Created concepts, prototypes, and production-ready features using AI-assisted tools to expand design exploration and strengthen engineering collaboration.

Senior Product Designer [Capgemini](#) 2024

Joined Capgemini through Unity Professional Services acquisition.

Lead UX Designer [Unity](#) 2020 - 2024

Collaborated with a globally distributed team to design custom entertainment-based applications and platforms that leverage Unity technology. Responsible for project oversight, designer onboarding, and coaching.

UX Designer [Galvanize - Diligent](#) 2019 - 2020

Focused on enhancing the user experience of the GRC enterprise platform. Worked collaboratively on the design system, stakeholder interviews, and design sprints.

Product Designer [PNI Media - Staples](#) 2016 - 2019

Created custom and white-label business printing management tools using UX principles and agile methodology. Conducted interviews and observations with internal tool users and e-commerce customers, competitive analysis, and checkout funnel analysis.

UX Designer (Contractor) [Microsoft](#) 2016

Collaborated with the Content Experiences and Engineering teams, creating features following brand and accessibility guidelines for existing Windows 10 applications such as MSN News, Weather, and Money.

CERTIFICATION

Certified XR Designer
University of British Columbia
2023

EDUCATION

Bachelor of Graphic Design
UNESP
1995 - 1999

EXPERIENCE — BRAZIL

UX Designer **Glassdoor Brasil** 2014 - 2015

Managed the full UI and UX design cycle, including ideation, planning, design research, user testing, storyboards, site architecture, prototyping, and rich visual mockups, and developed a responsive mobile-friendly site to optimize the job search and company reviews experience.

Senior UX Designer **Elo7 - Etsy** 2012 - 2014

Created the e-commerce platform design, increased conversion rates, and optimized user experience. Led the design team in brand strategy, provided project direction and UX best practices, and conducted interviews with buyers and sellers for marketplace improvements.

UX Designer **Yahoo!** 2007 - 2012

Collaborated with the design innovation team using an agile process, building global products, customizing sponsored landing pages, and applying brand guidelines to local products.

OTHER PAST EXPERIENCE

Information Architect **RedeTV!** 2005 - 2007

Information Architect **Lucida Studio** 2002 - 2005

Freelance Art Director **Isobar** 2001 - 2002

Web Designer **Tesla** 2000 - 2001
